zest

bliss

As is the name so is the product - pure.

This bathroom furniture doesn't really need any introduction. Except to say, that the passion you have about creating a unique bathroom is the same passion that has designed and hand crafted these vanities.

With features as unique as you, these vanities combine complete function with absolute form.

Enjoy the journey

# zest

smart, fresh and uniquely yours

The ZEST brings a vibrant and fresh sense of life to your bathroom with an edgy blend of storage and open shelves. The vanity consists completely of drawers and includes an inner rollout drawer for maximum storage.

The Quartz benchtop, European porcelain basin and Blum® soft close drawers all work together for an outstanding blend of handmade elegance.

With a comprehensive range of sizes in both single and double bowl the ZEST will bring an edge to your new bathroom. Choose from the subtle beauty of the curved 'PURE Bow' handle or the sleek and simplistic 'PURE Bar' handle shown below.

PURE Zest 1500mm in Licorice Linea woodgrain with PURE Bow handles

The logo for 'Bliss' is written in a white, lowercase, sans-serif font on a solid red rectangular background.

*the smooth clean lines of hand made beauty*

We know what you did when you first saw the exquisite BLISS vanity. You ran your palm over the graceful clean lines of the hand formed solid surface basin.

The inherent beauty of the curved basin is not only the designer's touch but also so simple to clean. Add the cavernous storage of the all drawer cabinet and you have a true meeting of form and function. The smooth fronts of the handle-free drawers have integrated finger pulls that add to the crisp lines and curves.

We know you have fallen in love with the subtle puddle-like basin and the complementing curve of the mirror cabinet. Another thing we know is how much you will love the quality and functionality that you will enjoy for years.

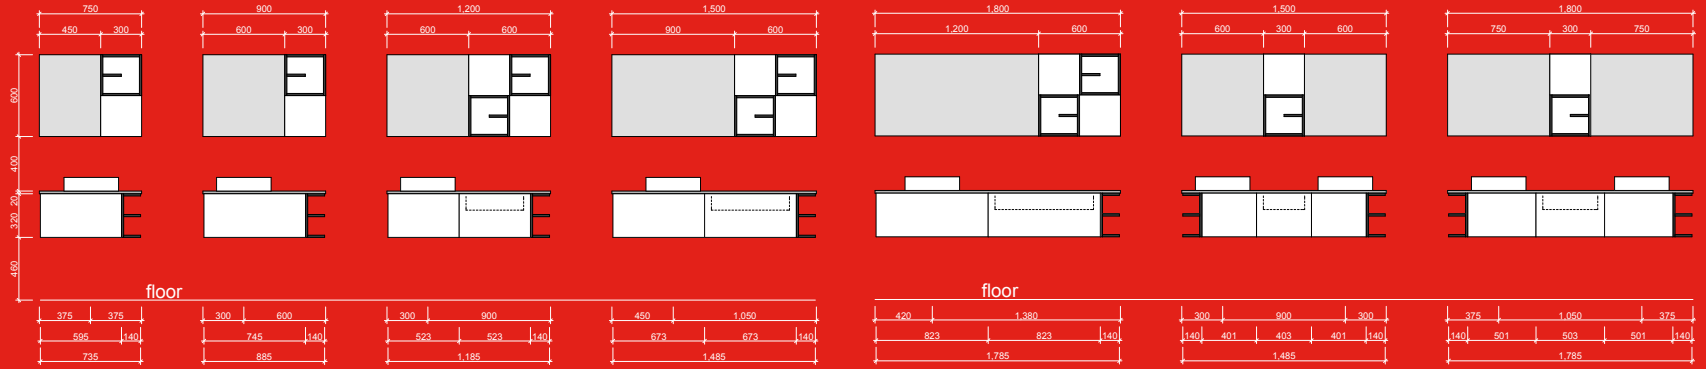

PURE Bliss 1200mm in Ebony Macassar woodgrain

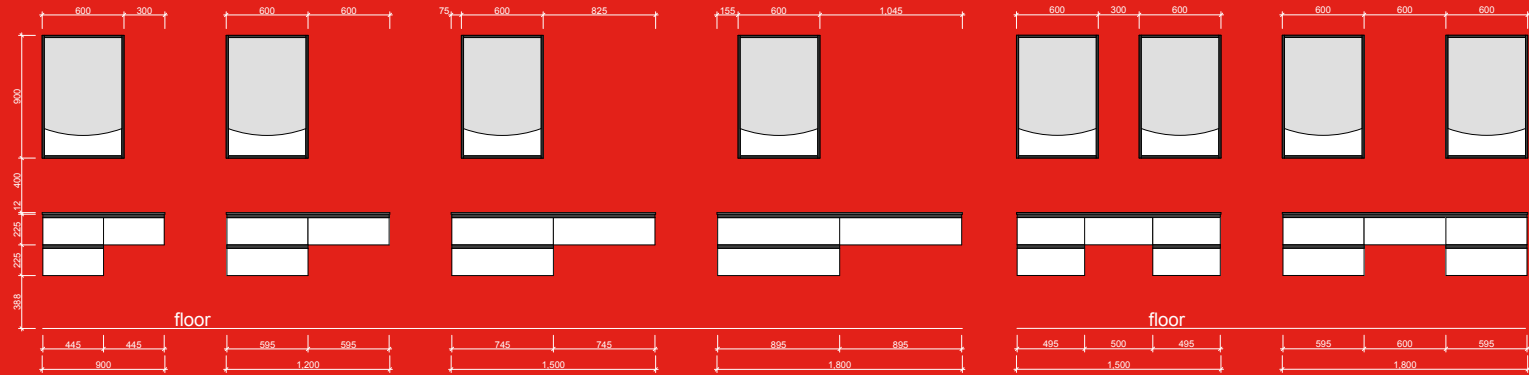

PURE Bliss 1800mm in Tribal Palm woodgrain
